Case (R., N.J.) a copy of the Agency response to [REDACTED] who had written that a [REDACTED] claiming to be a CIA agent had interfered with his client, [REDACTED]. A copy of [REDACTED] letter had been provided to the Senator and the staff indicated that our letter was sufficient to close out the case. STATOTHR

15. (Secret - LLM) In response to his call last night, met with Fred Thompson, Minority Counsel, Senate Select Committee on Presidential Campaign Activities, so that he could review the Sensitive Supplement to Volume III. He also gave me a list of additional information to be supplied by the Agency. I referred him to obstacles standing in the way of the Agency in turning over to the Committee the raw files being requested and that if we could get ideas as to the specific allegation being pursued, the Director obviously would be in a better position in light of his responsibilities to protect intelligence sources and methods. The only give in Thompson's position was his agreement to let me first identify material on the list, or reasonable facsimiles thereof, which has already been made available. (See Memorandum for the Record, 11 January 1974)

16. (Unclassified - LLM) Called George Gilbert, Legislative Analyst, Office of Management and Budget, and advised him that we had no objection to the proposed report to Senator Warren G. Magnuson (D., Wash.) on S. 1988, the "Interior Fisheries Zone Extension and Management Act of 1973." (The legislation would, among other things, extend the territorial seas and the report opposes the legislation on the basis that the best interests of the nation are served through the process of negotiations now under way.) I explained to Gilbert that we had not received the request for our views until after the deadline for the submission--noon today. Gilbert said a written report from the Agency would not be necessary.
